About the Report

This in-depth report provides invaluable information on trends and new developments taking place in the fast-growing global blueberry industry. The International Blueberry Organization (IBO) will release its 2026 IBO Report in the August of the same year.

200+ pages are included in the report, which will offer key data and unique insights to help blueberry industry professionals make more informed production and business decisions. The publication for download in a magazine format will be made available for free via the IBO Website.

This report will also have an online version for members to access interactive tables and charts published in the magazine version. The 2025 online edition was a resounding success and has over a thousand downloads worldwide.
